Description

Collagen peptides are very small pieces of protein from animal collagen. Collagen is a major component of our skin. It plays a role in strengthening skin, as well as in elasticity and hydration. As we age, our body produces less collagen, leading to dry skin and the formation of wrinkles.

Collagen peptides combined with antioxidant & mixed berry also potentiate the vitality of skin health and shows superb anti-ageing activities.

We have used Apple Cider Vinegar & Garcinia Extract which have an important role in reducing weight. People who are overweight or obese have wrinkles and suffering from skin aging. Collagen peptides combined with Apple Cider Vinegar & Garcinia Extract shows significant anti-ageing activities of skin.

Indications

Collagen peptide-

Works as a strong antioxidant that

- Nourishes dry & damaged skin and helps to moisturize
- Protects the skin from UV rays
- Nourishes hair, nails & eyes and helps to reduce hair loss

It also shows laxative effect that balances the digestive system.

Collagen Peptide is the secret of beautiful & youthful skin. Due to its quick absorption, this can be used in the process of effective collagen tissue & elastin production in skin.
