

Trevox[®]

Levofloxacin USP 1.5%

COMPOSITION

Trevox[®] Ear Drops: Each ml contains Levofloxacin Hemihydrate USP equivalent to Levofloxacin 15 mg.

PHARMACOLOGY

Levofloxacin is a synthetic, broad-spectrum, third generation fluoroquinolone antibacterial agent. It works by the inhibition of bacterial topoisomerase IV and DNA gyrase enzymes required for DNA replication, transcription, repair and recombination.

INDICATION

This drug is indicated for the treatment of Otitis externa, otitis media caused by susceptible strains of the following bacteria: Staphylococcus, Streptococcus, Pneumococcus, Moraxella (Branhamella) catarrhalis, Klebsiellapneumoniae, Enterobacter, Serratia, Haemophilus influenzae, Pseudomonas aeruginosa, Acinetobacter.

DOSAGE AND ADMINISTRATION

The usual dosage is 6 to 10 drops in the ear twice a day. After applying the ear drops, perform an ear bath for about 10 minutes. The number of doses may be increased or decreased as appropriate depending on the symptoms.

CONTRAINDICATION

Levofloxacin is contraindicated in patients with a history of hypersensitivity to Levofloxacin, quinolone or any other components of this product.

DRUG INTERACTION

Sucralfate, didanosine, multivitamins, antacids, or other drugs or supplements that contain magnesium, aluminum, iron, or zinc may reduce levels of levofloxacin.

SIDE EFFECTS

Fungal otitis externa, vertigo, dizziness, diarrhoea, ear pain to the administration site are the common side effects that may occur.

PRECAUTION & WARNINGS

As a guideline, administration is for 4 weeks, and continued administration thereafter should be done carefully to prevent the development of fungi and the development of bacterial resistance due to long-term administration, so as not to administer the drug carelessly.

OVER DOSE

Levofloxacin overdose may cause severe dizziness, liver problems, including hepatitis.

PREGNANCY AND LACTATION

It should be administered to pregnant or potentially pregnant women and during lactation only if the therapeutic benefit outweighs the risk.

Storage

Protect from light. Store below 30° C. Keep out of reach of children.
